

DPC CLIP

The Eezi DPC clip is designed to be placed all round the profile of the aluminium window frame providing a damp proof seal.

THE BENEFITS OF Eezi DPC

Work is done by the bricklayer on site. No costs of a third party.

Improved construction time

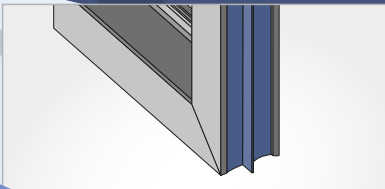

Eezi DPC system eliminates the gap between the window and brickwork, resulting in better build quality.

No sealing is required by a third party thus saving sealing costs

Eezi DPC COMPRISES OF RECYCLED HDPE PLASTIC AND IS THUS A TOTALLY GREEN PRODUCT

STEP 1

Measure the length of your window and cut Eezi DPC to length.

STEP 2

Press the Eezi DPC into the cavity of the window frame.
